

Al Nibras Lighting

Company Profile

Almost a decade since Al Nibras Lighting was established, gaining and enriching its lighting experienced. With a familiar name in the architectural, commercial and hospitality lighting market.

Al Nibras has the passion for innovation, creativity and art. Today, Al Nibras joins leading lighting companies in a unique international venture to continue spreading the culture of lights in the UAE.

Corporate Profile

Al 2006 Al Nibras was founded in the heart of Sharjah the Islamic Culture Capital. It started with a little artisan shop, selling lamps and related goods. Lately Al Nibras started providing modern & custom made lighting fixtures to the market. The dimensions of the firm grow quickly and it becomes a fully integrated company equipped with modern tools and specialized technicians. Today, the company provides and markets over various lighting fixtures from a well known lighting manufacturers.

Corporate Profile

We want to position ourselves as one of UAE's leading light solutions provider with state-of-the-art, cost effective, environment friendly lighting solutions that enhances the lifestyle of the customer.

Vision

Design, develop and bring to the market high quality efficient lighting solutions & products that are manufactured to meet & fit customer's requirements and sold for reasonable prices through various distribution channels.

Mission

Al Nibras Lighting

your new

Project Partner

Al Nibras interprets light as an added value to a project. This is why we want to be the ideal partner.

Partnership

One Partner

We work hand in hand with our clients every step of the way, from identifying their needs, to selecting products, to realizing the project, to solving problems. For this reason we rely on people with high levels of professionalism and on our own know how specialized by field of application.

Many Brands

The attention to the return on investment and to maintenance costs is an added value for the client. With out network of brands, we possess the necessary expertise to provide advise and guide about any imaginable application in architecture. With out massive product range as base, we can optimize any lighting project and thus ensure that it gets it's own unique quality.

Collaboration

Al Nibras comprise a network of companies and brands specialized in the culture of light. What binds and drives us- are our people, with there knowledge, talents and passions.

People

"The less there is to justify a traditional custom, the harder it is to get rid of it"
Mark Twain
